## SENSORY PROFILE

In Tunisia, this condiment is known as Piment H'rouss, meaning lightly crushed fresh peppers. Closely related to Harissa, which is made from heavily crushed dried peppers, this version is traditionally consumed in the winter months. A spoonful of these peppers is the perfect way to finish a steaming bowl of couscous, or serve alongside a plate of charcuterie or antipasto. As with all of the Mahjoub products, this is produced using traditional farming methods with no additives or artificial processes. This product is organic.

## TRADITION

The Mahjoub family farms the soil in the lush Mejerda Valley of Tunisia, located on the southern shores of the Mediterranean. It is here that they produce handcrafted products under the Les Moulins Mahjoub label and are known for their steadfast commitment to artisan standards and sustainable farming. The Mahjoub family is recognized in the culinary world as one of the premier producers of extra virgin olive oils, table olives, and condiments.
